

Sept. 11, 2013

To whom it may concern:

This is to inform you of how pleased we are with Jason Rawson, Project manager of Roof Pro Storm Division.

We were hit by a hail storm on July 18, 2012. Our house sustained a lot of damage. Jason came to our rescue, and arranged with the insurance adjuster, to have all needed repairs covered. Our house is not a simple one - it's very detailed.

We now have a new red cedar shingled roof - new white cedar shingles on the sides; and all the trim has been painted - along with some unexpected repairs - that Jason took care of.

Now we have a 47 year old house that looks new again.

Jason is very personable and easy going, and went above and beyond what he was required to do. He wants his home owners to be totally satisfied - and we are.

We highly recommend Jason and his Company. Sincerely, Ken and Pat Horton
Rehoboth, Ma.
